I the undersigned conduct the clinical trial for HISUNIT Ltd. regarding the product for the treatment of infant colic under the name BABYCALM (known in Israel as GRAPEWATER).

The clinical trial is under the supervision of PROP. SHPIRRER head of the pediatric department of the DANA HOSPITAL FOR CHILDREN in the SOURASKY MEDICAL CENTER TEL AVIV.

The clinical trial has started in august 2001 after being authorized according to the HELSINKY committee for human trials and are scheduled to be completed and published during 2002.

During the clinical trial and on the basis of the preliminary results, we have found NO negative side effects to the babies that used the product.

Yours sincerely,

**Dr. BAR ZOHAR DANIEL**
